

CRAILING, ECKFORD & NISBET

www.craisingeckfordnisbet.co.uk

*Representing the views of local people, caring about our communities,
and working together to make where we live an even better place*

What your Community Council does

- Represents your views and liaises with Scottish Borders Council
- Meets every 2 months to conduct council business in an open meeting
- Oversees Resilient Communities activities
- Co-ordinates comments on local planning applications
- Seeks opportunities to make life better for our communities e.g. benches along local footpaths, Christmas lights and flower planters in the villages
- Maintains AED defibrillators in Crailing, Eckford, Nisbet and Ulston
- Liaises with local landowners, businesses and village halls on issues of common interest
- Keeps you informed about local issues via our website and e-newsletters
If you haven't already done so, please sign up for our e-newsletter at cencomms@hotmail.co.uk

We would welcome your help

New legislation in Scotland means that local communities can have more say about issues that affect them. To properly represent your views, it would be great to know:

- What do you like about living here?
- What don't you like?
- What changes would make your life better?

In order to do its work effectively, the Community Council needs:

- 2 volunteers to join the Community Council
- A Minute Secretary for the Community Council meetings
- A Secretary to help with Community Council e-mail correspondence
- A volunteer from Crailing to co-ordinate their Resilient Community response

**If you are interested, drop us an email at cencomms@hotmail.co.uk,
or speak to your local community councillor.**
