

**Crailing, Eckford and Nisbet Community Council have agreed an Oil Boiler Servicing rate,
as part of our Oil Group Purchasing Scheme, with the following supplier:-**

SCOTT DOUGLAS, PLUMBING & HEATING

Scott Douglas

Plumbing & Heating

8 Spylaw Park, Kelso TD5 8DS

Tel: 01573228802

Mob: 07790629239

Service includes parts & labour £72.00 (incl VAT)

This covers the cost of fuel nozzle and one hose.

Any other parts would be chargeable

***Please be aware:** Due to current circumstances, the prices of fuel and parts are fluctuating almost daily which could be reflected in the actual price of your service. Please check at the time of booking.*

Note: This rate also applies to a condensing boiler except if combustion chamber seal is required in which case there would be an additional charge.

Credentials

Scott Douglas is Gas Safe registered.

Preparation

The boiler needs to be off before the service visit to allow cooling of the combustion chamber. Please also make available manufacturer instructions and previous service records.

The service includes: Cleaning out the combustion chamber and baffles and checking for damage, stripping down the burner and cleaning the pump, filter, electrodes, fan and casing and the photo cell. Carrying out a combustion analysis and setting air flow /combustion, checking pump pressure and adjusting. Cleaning out oil line filters.

Other Services : Other services are available such as dosing the central heating system with inhibitor (if required), this would be an extra cost.

**PLEASE ADVISE SCOTT THAT YOU HEARD ABOUT HIM
