On 12/09/2026 there was a fatal collision at St Boswells, where tragically a 38-year-old male driver died. A 62-year-old female sustained serious injury and 66-year-old male minor injuries. Our thoughts are with all those involved.

Tackling Serious and Organised Crime

Serious and organised crime enforcement – September 2026

The Scottish Borders CID Proactive Unit executed 1 x Misuse of drug Warrants during the month of September and conducted 4 stop and searches in relation to drugs. 3 x persons have been reported for concern in the supply of class A after recoveries of cocaine. 1 x male has been issued a FPW following recovery of a personal amount of cannabis was recovered.

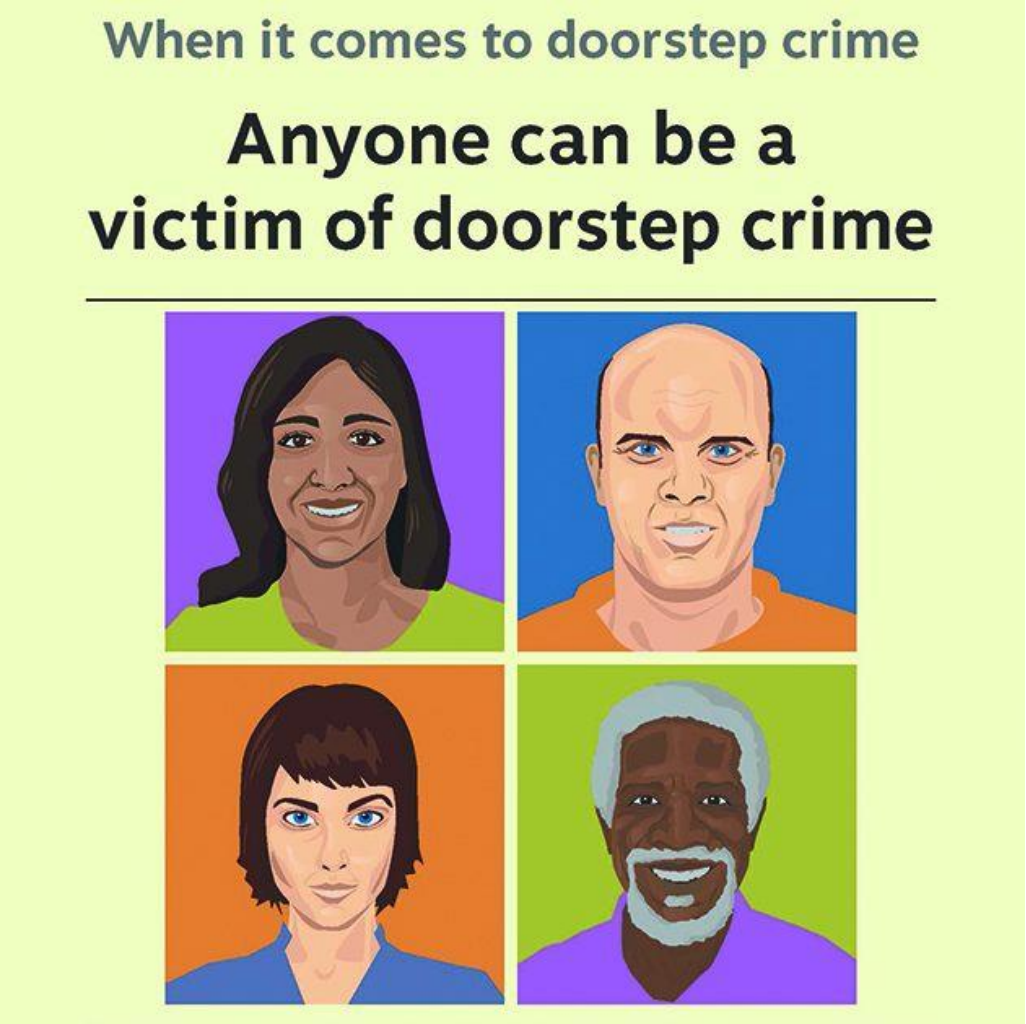

Enquiries into numerous thefts across the Scottish Borders. Positive lines of enquiry are being pursued into these crimes, and we would ask people to remain vigilant with home security when

leaving homes unoccupied. Working in partnership with police forces in England, a male has been charged with multiple thefts of plant and machinery across Chirnside, Reston and Coldingham and a report submitted to the procurator fiscal. The male is currently on remand in England for thefts.

Serious and organised crime impacts local communities across the Borders and anyone with information on criminal activity are asked to contact Police Scotland on 101, report it at any Police Station or report it anonymously via the Crime Stoppers Charity.

This information can be on any criminal matter but includes an individuals unexplained financial gain or wealth or persons who are vulnerable in our communities and being targeted or exploited by others for any reason.

Have you registered your bike with @BikeRegister? 🚲

BikeRegister is the UK's national cycle database and is used by every UK police force to help identify and return stolen and lost bikes to their rightful owners.

Registration is completely free and only takes a couple of minutes. Once registered, owners can securely record their bike's details, frame number and photographs, making it much easier for the police to identify recovered bikes and reunite them with their owners.

For additional protection, BikeRegister also offers a range of highly visible and forensic security marking kits. These act as a powerful theft deterrent while providing police with a clear indication that a bike is registered on the national database.

Keep your eyes peeled for the local Police Scotland Youth Volunteers carrying out FREE bike security marking in the area over the coming months.
